- Vice President of the ExECS Association

### **Passion for ELTHAM College**

My commitment is to actively support ELTHAM and executive to provide high standards of education across a wide range of areas in a creative, participatory, exciting learning environment. This will help us to achieve the highest educational outcome for all students and prepare them for their future.

I'm a foundation student of ELTHAM. My family has been involved continuously since the schools inception in 1974, and now my two children are enjoying an ELTHAM education.

### **Professional Background**

As a director of an Architectural practice with a client base including 100 plus school Principals and Hospital CEO's, I have considerable experience with progressive education, organisation and community policies, business management, marketing, communication and innovation.

### **Other Community Involvement**

Various Sporting Clubs

### **Qualifications**

Architect BA (Arch), BArch, AIA (Australian Institute of Architects)
