Passion for ELTHAM College

I am committed to the values and philosophy of ELTHAM College, such as fostering each learner's individual talents and passions and celebrating success. I believe that further expanding the broad range of experiences on offer will give our students the best possible education.

I have had various connections with the college for the past 20 years. My three children attended from ELC with the eldest two completing Year 11 and Year 8 in 2016. I am passionate about the importance of a good education and believe in strong partnerships between school and home.

Professional Background

After training and working in the printing and sign industries for 18 years, I left full-time employment as a manager of a graphics/design department, to start my own graphic design business, Image Mill.

Qualifications

Trade Certificate in Graphic Design
