

Geoffrey Ward

- Commenced on the Board in 2016
- Member of Risk Committee

Passion for ELTHAM College

As my third child passes through the College, I wish to help other children embrace the opportunities the College offers. I continue to be amazed at the work the College does to transform our children into young adults ready and confident to take on the world. I'm seeking to continue the aspirations of the College, to look for new ways to grow, improve its standing in the community whilst maintaining a strong financial base.

Professional Background

I'm a qualified engineer and have career skills in strategic planning, contract law, delivery, risk, governance and community liaison.

Qualifications

BE (Civil)

Member Institute of Engineers Australia, CP Eng.
